HEADTEACHER: MISS S. CHALONER

Monday 20th April 2020

Dear Parents and Carers,

I hope you are all staying safe and well. It is a really strange situation for everyone, but please know that we are thinking of you all, and look forward to having school fully open when it is safe to do so. If you need any support during this difficult time, we are still available if you would like to contact us.

As we now know we are going to be in lockdown for a bit longer, I am writing to let you know about arrangements for children's work going forward. We have set up GSuite for Education with Google Classroom so that children and parents/carers can access work, useful websites and information for learning. You will receive your child's logins and codes on Wednesday via text message, once the system is tested. If you have not received your message by Thursday morning, please contact the school.

Your child will be able to login to GSuite for Education with the details we will send out, this can be accessed on computer, Mac or via Android or IOS mobile devices. They can then go to Google Classroom and find their class, and access the work they are assigned. We will set some activities for Thursday and Friday for you to try, and then there will be more daily work across each week starting on 27th April.

Please look at the videos on the class page. They are really useful to get started. This is a really good tool which should provide your child with learning opportunities, access to their class teachers and chance to share things with their classmates.

In the meantime, there are a lot of learning opportunities on the school website. We look forward to sharing Google Classroom with you all.

Yours sincerely

Sarah Chaloner
